

2020 AUTOMATIC REPOSSES YEAR 1

In life everyone needs a set of automatic responses to be able to live in society- look right, look left and look right again; 100c = \$1; 30 days in September; 1000g = 1 Kg etc. These Automatic Responses are also the “tools of trade” for higher level learning and skill development, and in our school we see the need for every student to learn this material.

Parents can help their children by going through these lists in an encouraging, playful way at home.

Thank you,

Dr Neil MacNeill, BA, BEd (Hons), MEdAdmin, MEd, PhD, EdD, FACEL. Principal.

Mental Maths

Friends of ten
Double facts to 10
Count to and back from 100
Skip counting by 2, 5, 10 and 11
Number of days in the week and sequence
Seasons- Summer Autumn Winter Spring
Months in each season
Months of the year
Positional Language – under, over, through, around, in, on, above, below etc
Ordinal Numbers to 31 (Calendar)
Odd and even numbers
Partitioning – part + part = whole / whole – part = part
Halves and quarters
Name 2D and 3D shapes –identify sides and corners
Adding 10 to a number
Direct comparison measurement terminology- shorter/ longer/ taller/ tallest/ heavier/ lighter
Read o'clock and half past times
Recognise and name coins and notes
Continue and read number patterns
Read and interpret bar and line graphs
Tally Marks
Subitising numbers in a ten frame

Grammar

Parts of speech – nouns, pronoun, proper nouns, verbs, adjectives, prepositions, adverbs
Alphabetical Order

Plurals

Compound Words

Punctuation – full stops, commas, exclamation mark, speech marks, question marks

Phonics

Jolly Phonics Sounds (46)

Vowels – Long and short

Syllables

Rhyme

Blending and Segmenting

Blends and Digraphs

Reading

Identify main idea or picture and text

Identify details from a simple text

Sequencing

Identifying fiction and non-fiction texts

Oxford Words (first 200)

Poetry

The Teacher Took My Tennis Ball

By Libby Hathorn

The teacher took my tennis ball,
She took it for the day,
Just because it broke some glass,
She said I couldn't play.

I'd like to do the same to her
When I think she goes too far,
"Miss Jones," I'd like to say to her,
"I'm going to take your car."

"No, Miss Jones I'm sorry,
You're not allowed to borrow,
But if you're really, really good.
You'll get it back tomorrow!
Maybe."

History

Identify family members

Define family structures

Define past and present

Family timelines

Identify Indigenous and Australia Flag

Animals on the coat of arms

Identify aboriginal artefacts – spear, didgeridoo

Explore different cultures and their celebrations

Geography

Purpose of a map
Suburb, street and country
Identify Australia on a world map
Identify where Perth is on a map
Use positional language to give and follow directions
North, East, South, and West
Map Symbols – legend/key
Differentiating between natural and manmade features
Identify natural features of a landscape eg: hill, mountain, lake, river

Science

Objects - produced or natural, different sizes and shapes and can be moved by pushing and pulling.
Movement of objects (slide, roll) and animals (fly, swim).
Materials objects are made of – wood, paper, glass, metal, fabric and plastic
The weather including the four seasons and the six Aboriginal seasons for Perth.
Clothing and activities to suit the weather.
Measurement of temperature and rainfall.
The five senses - sight, hearing, smell, touch and taste.
Plants and animals - need food, water and a place to live.
Predict.
Share and record observations.

Music

Semi breve = 4 beats
Dotted minim = 3 beats
Minim = 2 beats
Crotchet = 1 beat
- Definition of verse and chorus
- Recognise Middle C
- Definition of rhythm
- Definition of beat/steady beats
- p = softly
- f = loudly
Drama
– On stage / off stage
- Audience

Manners

Greeting in the morning and afternoon
Please and thankyou
Excuse me
Sorry
Keeping hands to yourselves
Respecting other people's space
Respect other people's property
